

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 12 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Mostly dry away from parts of eastern England on Saturday.

This Evening and Tonight:

Fairly cloudy with early evening showers and rain gradually becoming mainly confined to the east. A few clear spells developing in the north, where there is a chance of isolated fog patches in Northern Ireland and Scotland.

Saturday:

Mostly dry on Saturday with some sunny spells developing in many areas, the best of the sunshine over parts of Scotland and northwest England. Eastern England cloudier with some showers.

Outlook for Sunday to Tuesday:

Occasional rain in the northwest, but largely dry elsewhere. Fairly cloudy, but some clear/sunny intervals, especially in central parts, with some overnight fog. Temperatures around, or a little above average.
